2. I conclude that the PRB deletion decisions were in accord with existing guidelines, regulations and laws, and that there was no indication of organizational or personal bias against the author in the process. Therefore, I recommend that, as a minimum, you uphold the deletions of the Board (with the single item emendation discussed on pages 60-61 of TAB A):

APPROVED: [redacted]

ILLEGIB

DISAPPROVED: _____

3. I also agree that there remains additional material that should be deleted. Therefore, I recommend that you instruct the PRB to review the manuscript again, with specific attention to the inspector's suggestions concerning the individually disputed items in TAB A:

APPROVED: [redacted]

ILLEGIB

DISAPPROVED: _____

4. Inspector [redacted] experience during this investigation led him to some concerns and conclusions about the PRB process which go beyond the scope of the [redacted] appeal investigation. I share his views and have sent to you under separate cover a memorandum for the record on the subject which I encourage you to read. My intent would be to pass it to the DDA for his comment.
